

## 2018 Chapter 51 Grant

Chapter 51 funding was created through Public Law 1989, which established the Alcohol Education Rehabilitation and Enforcement Fund (AEREF), commonly known as the “Booze Tax”, to serve indigent clients in need of addiction treatment services. The funding comes through the New Jersey Division of Mental Health and Addictions Services (DMHS) and the County must provide a 25% cash match for direct services. The use of Chapter 51 funds is strictly limited to meet addiction treatment needs of those who lack the financial means to access treatment due to lack of insurance or the ability to self-pay.

Chapter 51 Funding supports the full continuum of care, including Prevention Education, Early Intervention, Outpatient and Intensive Outpatient Services, Short-term Residential Treatment Services, Halfway House Services, Detoxification Services, and Recovery Supports, Special consideration is given to programs that provide integrated care and case management services to co-occurring individuals.
